**I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.**

**The natural compound which I take on a daily basis is not available to me through any pharmacies in the State of Missouri under my insurance plan. This natural compound is the ONLY remedy that I can physically tolerate, because it is not synthetic---it has literally changed the quality of my life and I can't imagine returning to the almost intolerable physical and mental state I was in before taking my specially compounded remedy.**

Sincerely yours,

Kirsten R. Coleman
